

HUNWET

TRIBAL OPIOID RESPONSE PROGRAM

NOT IN OUR COMMUNITY

HUNWET – TRIBAL OPIOID RESPONSE

Hunwet (Bear) is a program created by social services to combat the spread and dangers of opioids and illicit drugs in the Pala community.

This program recognizes and acknowledges the presence of opioids in our communities and pledges to raise awareness and develop prevention strategies to end the abuse of these drugs on tribal lands.

OUR SERVICES

- ✔ Substance Abuse education and prevention services
- ✔ Training on drug prevention strategies and administering emergency reversal strategies
- ✔ Community building and resource connection
